What Do They Cure?

The above question is often asked concerning Dr. Pierce's two leading medicines, "Golden Medical Discovery" and "Favorite Prescription."

The answer is that "Golden Medical Discovery" is a most potent alterative or blood-purifier, and tonic or invigorator and acts especially favorably in a curative way upon all the mucous lining surfaces, as of the nasal passages, throat, bronchial tubes, stomach, bowels and bladder, curing a large per cent. of catarrhal cases whether the disease affects the nasal passages, the throat, larynx, bronchia, stomach (as catarrhal dyspepsia), bowels, (as mucous colitis), bladder, uterus or other pelvic organs. Even in the chronic or ulcerative stages of these affections it is often successful in affecting cures.

The "Favorite Prescription" is advised for the cure of all forms of disease, those peculiar weaknesses, derangements and irregularities incident to women only. It is a powerful yet gently acting invigorating tonic and nervine. For weak worn-out, over-worked women—no matter what has caused the break-down, "Favorite Prescription" will be found most effective in building up the strength, regulating the womanly functions, subduing pain and bringing about a healthy, vigorous condition of the whole system.

A book of particulars wraps each bottle giving the formulæ of both medicines and quoting what scores of eminent medical authors, whose works are consulted by physicians of all the schools of practice as guides in prescribing, say of each ingredient entering into these medicines.

The words of praise bestowed on the several ingredients entering into Doctor Pierce's medicines by such writers should have more weight than any amount of non-professional testimonials, because such men are writing for the guidance of their medical brethren and know whereof they speak.

Both medicines are non-alcoholic, non-secret, and contain no harmful habit-forming drugs, being composed of glycerle extracts of the roots of native, American medicinal forest plants. They are both sold by dealers in medicine. You can't afford to accept as a substitute for one of these medicines of known composition, any secret nostrum.

Dr. Pierce's Pellets, small, sugar-coated, easy to take as candy, regulate and invigorate stomach, liver and bowels.

YOUR HAT

May Be a Stylish One, But It Makes Trouble.

A man usually buys a hat that's "in style," but the modern hat for men has lots to answer for.

Baldheads are growing more numerous every day. Hats make excellent breeding places for the parasitic germs which sap the life from the roots of the hair.

When your hair begins to fall out and your scalp is full of Dandruff it is a sure sign that these countless germs are busily at work.

There is but one way to overcome the trouble and kill the germs—that way is to apply Newbro's Herpicide to the scalp—it will kill the germs and healthy hair is sure to result.

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

Two sizes—50 cents and $1.00.

Constipation

Baked sweet apples, with some people, bring prompt relief for Constipation. With others, coarse all-wheat bread will have the same effect. Nature undoubtedly has a vegetable remedy to relieve every ailment known to man, if physicians can but find Nature's way to health. And this is strikingly true with regard to Constipation.

The bark of a certain tree in California—Cascara Sagrada—offers a most excellent aid to this end. But, combined with Egyptian Senna, Slippery Elm Bark, Solid Extract of Prunes, etc., this same Cascara bark is given its greatest possible power to correct constipation. A toothsome Candy Tablet, called Lax-ets, is now made at the Dr. Shoop Laboratories, from this ingenuous and most effective prescription. Its effect on Constipation, Biliousness, Sour Stomach, Bad Breath, Sallow Complexion, etc., is indeed prompt and satisfying.

No griping, no unpleasant after effects are experienced, and Lax-ets are put up in beautiful lithographed metal boxes at 5 cents and 25 cents per box.

For something new, nice, economical and effective, try a box of

Lax-ets

THE JAPANESE QUESTION.

Members of the diplomatic corps in Washington who have followed with the deepest interest the varying phases of the Japanese situation are disappointed to see that there is for the present an end to what promised to result in the most strained relations between Japan and the United States. On Tuesday afternoon preparatory to leaving Washington the next morning for the summer, President Roosevelt invited the newspaper men into his office and told them that there was not the least serious trouble between the two countries, and urged conservatism in their dispatches, saying that there was no occasion for any harm.

A dispatch from Tokio states that the Home Department summoned the newspaper men of Tokio yesterday morning and similarly assured them that there was no danger of any war between the two countries, and urged them to refrain from incendiary articles.

Members of the diplomatic corps, as a rule, dislike the Japanese, and they would have been glad had the recent riot in San Francisco led to a war between the two countries. They admit that all danger is over for the present but they say that these difficulties will constantly recur, and that until the United States warns the Japanese government in a sharp and peremptory way that this government is growing tired of constant Japanese complaints, the Mikado will be repeating the demands for explanations and apologies for every street fight or saloon brawl in which Japanese happen to get the worst of it.

With the exception of Great Britain, none of the continental powers would render Japan the slightest assistance in case of war with this country. Great Britain's treaty with Japan would compel her to come to Japan's aid under certain circumstances, and for that very reason it is generally assumed that there will never be a war between Japan and this country.

The Europeans resent the aggressive tone of Japan's diplomacy. Her triumph over Russia has, in the eyes of all the foreign powers, made Japan too self-assured, and all of them would be delighted to see the country get an overwhelming humiliation from the United States. They agree that no nation is better adapted for the task than the United States, because of the unlimited wealth and the boundless resources of this country, which would enable her to fight on even if Japan's larger navy might at first cause disaster to the Americans.

Secretly Great Britain would not regret a check to Japan's overweening pride, because her statesmen realize that the restlessness in India and the movement among the Fellahs in Egypt is due in the last analysis to the Japanese defeat of the Russians.

Tetter Cured.

A lady customer of ours had suffered with tetter for two or three years. It got so bad on her hands that she could not attend to her household duties. One box of Chamberlain's Salve cured her. University of Virginia Summer School.

The efforts of President Alderman to establish at the University of Virginia a great Summer School which shall become a permanent feature of the work of the University, are meeting with gratifying success, judging from the interest manifested throughout the South, as indicated in the large number of inquiries received by the director. Students are rapidly enrolling from all the southern States and as far west as Indian Territory, and the attendance for the first session promises to be much larger than could reasonably have been hoped for. The "School for Elementary Teachers" meeting all the requirements for a first-grade certificate, will again be conducted by Supt. E. C. Glass and his usual strong corps of teachers. This department will continue only four weeks, beginning June 19th, at the same time as the University School.

I will mail you free, to prove merit, samples of my Dr. Shoop's Restorative, and my Book on either Dyspepsia, The Heart, or The Kidneys. Trouble of the Stomach, Heart or Kidneys, are merely symptoms of a deeper ailment. Don't make the common error of treating symptons only. Symptom treatment is treating the result of your ailment, and not the cause. Weak Stomach nerves—the inside nerves—means Stomach weakness, always. And the Heart, and Kidneys, as well, have their controlling or inside nerves. Weaken these nerves, and you inevitably have weak vital organs. Here is where Dr. Shoop's Restorative has made its fame. No other remedy even claims to treat the "inside nerves." Also for bloating, biliousness, bad breath or complexion, use Dr. Shoop's Restorative. Write me today for sample and free Book. A Boy's Awful Death.

Frank Crouser, 12 years old, was killed in the yard of the Parkersburg Mill Company at Parkersburg, W. Va., Wednesday night. The boy, with his two little sisters, had gone to the mill-yard to get kindling wood. They were playing about the yard, when the boy in some manner leaned against a shaft which was revolving at a rate of 300 revolutions a minute.

His clothing caught in the shaft and he was hurled around with the wheel, his feet beating against heavy oak beams until finally one of them dropped from his body and the almost lifeless form dropped to the ground, stripped of every shred of clothing.

Every bone in his body was broken, and he died in a few minutes at St. Joseph's Hospital. The accident was witnessed by several persons, all of whom nearly collapsed at the awful sight.

Death Caused by Rope Jumping.

Rope jumping caused the death of Katherine Schmidt, aged thirteen, daughter of Lorenz Schmidt, head of the Lorian Bible Mission of Cleveland, Ohio. The funeral was held yesterday from the mission room. Hundreds of the child's school mates stopped there on their way to and from school. For hours the father stood beside the body and over and over recited the story of his daughter's illness and death. He warned the children against excessive rope jumping, and many little girls took a pledge they would never jump the rope again. Katherine died of a disease that affected the marrow of her bones. Katherine loved to jump the rope, and her parents say she did it a great deal, thus bringing on, the doctors believe, the trouble that caused her death.

A Real Wonderland.

South Dakota, with its rich silver mines, bonanza farms, wide ranges and strange natural formations, is a veritable wonderland. At Mound City, in the home of Mrs. E. D. Clapp, a wonderful case of healing has lately occurred. Her son seemed near death with lung and throat trouble. "Exhausting coughing spells occurred every five minutes," writes Mrs. Clapp, "when I began giving Dr. King's New Discovery, the great medicine, that saved his life and completely cured him." Guaranteed for coughs and colds, throat and lung troubles, by E. S. Leadbeater & Sons, druggists. 50c and $1.00. Trial bottle free.

TO THE OWNERS OF DOGS.

MAYOR'S OFFICE,
Alexandria, Va., June 12, 1907.

All persons owning or intending to keep any animal of the Dog or Canine species should come forward on or before

JUNE TWENTY-FIFTH, 1907,

and take out a license for the same from the Auditor. After the 30th of June all persons owing or harboring Dogs without the required license are subject to a fine as the laws on the subject require of $3.00 or $5.00.

Complaint has been frequently made that many persons fail to take out their license, and that others pay on one or two dogs when owning and harboring more, or who send such dogs away during the summer months and bring them back in the fall.

Attention has been called to this evasion of the law, and policemen will report all such cases and fines can be imposed upon those who fail to take out licenses after trial in the Police Court.

The police officers will be required to report all violations of this law.

☞ In order to avoid any mistakes persons who make application for licenses would do well to write their names and number of residence, street, etc., on a card or paper when making application for licenses to the Auditor.

FRED. J. PAFF, Mayor.

ALEXANDRIA GAZETTE AND VIRGINIA ADVERTISER.

FRIDAY EVENING, JUNE 14, 1907.

THE Bureau of Corporations now has started in to probe the lumber trust with a view to bringing criminal prosecution if evidence can be found. Special agents are already in the field gathering the data on which to proceed and a preliminary inquiry into the prices of lumber shows that the diminishing supply of timber does not account for the jump in price. During 1906 hemlock advanced $2; white pine, $3; yellow, $4; poplar, $5, while in the last ten years the price of maple has gone up 17 per cent.; oak, 36 per cent.; yellow pine, 65 per cent.; poplar, 70 per cent.; spruce, 74 per cent., and hemlock, 86 per cent. Complaints received by the bureau are more numerous and more bitter than those against the oil and beef trust. The lumber trust is regarded as the most complete of the great industrial combinations and is operated without a holding company or other outward sign of its monopolistic character. The operations have been under what is known as the "gentlemen's agreement," by means of which any retailer who disregards the prepared price list will be boycotted out of business. The combined capital of the trust is $611,000,000. The actual cost of yellow pine is $10 and the price quoted last year was $45 to $48.

IT IS said that the Georgia editors at Jamestown were offended at the suggestion of President Roosevelt a few days ago which was to the effect that their addresses be brief. If this is a fact, the action of the editors is strange, to say the least, as they manifest their inconsistency. Editors are prone to tell all with whom they have to deal to be epigrammatic in what is to be said, and they should have taken no exception to the President, when he required brevity of them, as those at the head of newspapers demand the same of others. Editors with their blue pencils have ever been regarded with terror by reporters, as they mercilessly contract effusions at both ends and in the middle. Multum in parvo is their motto in their relations with others, but they are thin-skinned and sensitive when somebody suggests that they do not multiply words. But Mr. Roosevelt seems to have been playing a strange part also when he counseled succinctness on the part of the editors, as he is prone to consume considerable printers' ink. He is by no means as concise as some of his predecessors, as his messages and speeches will show.

DR. ROBERT BELL, a prominent physician of London, holds that cancer is not caused by any micro-organism, but is the result of faulty diet and consequent improper sanitation of the body. In a recent lecture he announced that bad eating and drinking was one of the chief factors in the production of cancer. One of the special causes was the eating of too much red meat, but in general the person who ate freely of vegetables and milk was better able to resist the approach of cancer. In his whole life he had met only one cancer patient who was a vegetarian. Smoking he believed to be an excitant of cancer, but not a direct cause. It is his belief that within ten years the world will know how to rid itself of this disease. It is hoped that Dr. Bell's belief will materialize.

IN THE Connecticut Assembly the other day they were discussing woman's suffrage. Bills calling for it had been favorably reported out of committee and the discussion waxed warm. Every now and then a member looked up in the gallery, saw his wife with her eye fixed upon him and remembered an engagement that kept him away until after the vote. One assemblyman rose at last with a look that made it plain that he had something to say. "Mr. Speaker," he said. "Mr. Speaker and gentlemen, I am going to vote on this bill just as my wife tells me to, and, gentlemen, I am going to vote against it." There was a roar of laughter, and five minutes later the bill was defeated.

AUDITORS probing the Pennsylvania State capitol scandal report that the State paid $160,000 for air spaces under tables, that a $2,000,000 contract for gas fixtures did not go to the lowest bidder and $355,136 was paid for excess weight in chandeliers. The republican leaders in Pennsylvania have proven themselves to be as grand a set of rascals as ever controlled a State, but the people keep right along re-electing them to office and the stealing goes right along as opportunity presents itself.

MAYOR SCHMITZ, chief officer of San Francisco, was found guilty last night of extortion. The state proved that the mayor refused to grant licenses to French restaurants until they had retained "Boss" Ruef as their attorney, and Ruef t stified he divided with Schmitz. A severe example should be made of this grafter as a warning to others in high office, many of whom now act on the principle that a public trust is a private snap. Schmitz should be given the limit.

MANY men in public life have taken on the title of "Colonal" or "General" without ever having clearly earned it. But John T. Morgan was perhaps the only one who, having served conspicuously and honorably in that grade, let the title lapse into forgetfulness. Nobody in Washington ever thought of addressing him as "General," and few persons ever identified him as one of the group of "Confederate brigadiers," once so conspicuous in Congress.

THIS IS the middle of June and so far not enough straw hats have been seen to make a meal for a goat.

HOW TO spend a summer day—first catch a summer day.

From Washington.

[Correspondende of the Alexandria Gazette.]

Washington, June 14.

Flag Day, the 130th anniversary of the adoption of the Star Spangled Banner as the national emblem, was celebrated in Washington today by the public schools and patriotic societies and citizens generally. Appropriate songs were sung and short patriotic talks were given, as far as possible by old soldiers, in the 142 local schools, the programme being arranged by James Henry Bradford, who is the official patriotic instructor of the District. The growing popularity of Flag Day as a national event is due largely to the American Flag Association, which numbers among its active promoters Admiral Dewey, Admiral Schley, General Miles, General Grant and other distinguished officers of the army and navy.

Senor Creel, the Mexican ambassador, will start about the end of the month on a tour of inspection of the western part of the United States. He is particularly interested in the reports of successful experiments in some parts of the west in what is termed dry farming, and he will visit the places at which these are being conducted, with the hope of securing information of value to his country, where rain is a scarce article. He will also visit some manufacturing centers. Madame Creel, with her family, will leave here on Saturday for her home in Chihuahua where she will be joined by the Ambassador, in September. The ambassador will take the oath of office as governor of the State of Chihuahua October 3, but will shortly thereafter turn over the duties of that office to a vice governor who will be selected by the Mexican congress, and he will then return to Washington and resume his diplomatic duties here

Charles Hentz, white, about 62 years old, committed suicide while sitting in Judiciary Square about 10 o'clock this morning by shooting himself, death taking place almost instantly. The body was removed to the morgue. He was an inmate of Soldiers' Home.

The Treasury Department will accept the bid of the Newport News Shipbuilding Company, for the construction of an innovation in seagoing vessels, a derelict destroyed.

Potato starch instead of cedar for lead pencils is the novelty that Consul Frank S. Hanna, of Magdeburg, Germany, says is about to be sprung on the public. Such a pencil has been invented in Germany, patented in fourteenth countries and the manufacture begun. The cost of production is only nine-tenths of a mill for each pencil It is claimed that the new substance of which the chief ingredient is potatoes can be produced less expensively than cedar, as the supply of the latter is rapidly decreasing and the potato crop is increasing.

The Halls of the Ancients, on H street, between 13th and 14th streets, was purchased yesterday by a syndicate composed of some out-of-town people. The price paid was $173,452. It is understood that the property will be immediately improved, most likely for the purposes of a theatre.

The effort of President Zeylas, of Nicaragua, to bring about a union of the Central American republics may plung all those republics in a long war.

The Woman in White.

Oyster Bay, N. Y., June 14.—The woman in blue is again on President Roosevelt's trail. This year, however, she is in disguise and has adopted a dazzling costume of white. Hat, gown, shoes and parasol are all of the same snowy color, and when she got off the train at the station yesterday afternoon she looked as though she had just come from Spotlesstown. As upon former visits to Oyster Bay, she landed "broke."

The newspaper men knew she was coming for early in the afternoon one of the conductors of an in-coming train told them that she had traveled with him as far as Roslyn and had been obliged to get off there as her money would not carry her any farther.

When she stepped off the car and saw two or three newspaper men who had chronicled her exploits on previous years, Mrs. Lucy Lee, of Manhasset, L. I., for that is her real name, scowled darkly and instead of making a bee line for Sagamore Hill as was her wont, she crossed the railroad tracks and cut across country to the Sagamore Rock and hailed a livery rig. She got out at Moore's grocery store, over which is located Secretary Loeb's summer quarters. She did not visit Loeb, however, but instead looked into the secret service guards' office at the rear end of the hall. Detective McCue was the only person there.

"I just came to say that I have decided not to visit the President today," she said and left.

If she left town by an evening train none of the newspaper men saw her. There was no trace of her about the village this morning. She seems to have disappeared as suddenly and mysteriously as if the ground had swallowed her. The secret service men are on the lookout at Sagamore Hill for her today.

If she appears at the President's cottage she is very likely to be arrested, for Secretary Loeb has announced very emphatically that he will not "stand for" the repeated visits of welcome or "dotty" visitors this year. The President's home is private property and the law against trespass will be strictly enforced.

Mrs. Lee is a prepossessing, matronly woman of perhaps forty. She is evidently a person of refinement and talks rationally enough upon all subjects. Just why she insists upon following the President has never been definitely ascertained.

The torpedo boat Blakeley was rammed by the destroyer Whipple at the Norfolk navy yard yesterday and put out of commission. The Blakeley is now in drydock with a hole in her side big enough for a man to walk in. The boats had just arrived at the yard, with the remainder of the flotilla to which they are attached, and were maneuvering to enter the drydock for repairs when the collision occurred. The Blakeley took in water rapidly, but was prevented from sinking by the instant closing of her watertight compartments.

News of the Day.

The French Chamber of Deputies yesterday adopted by a vote of 310 to 261 the first clause of a bill for the relief of winegrowers, designed to prevent frauds. The disaffection of troops is exaggerated.

It was said by a prominent officer yesterday that the West Point authorities are in possession of a letter of Col. Charles G. Ayres, U. S. A., written from the Philippines, in which Col. Ayres is said to have disapproved the actions of his wife at West Point.

What is believed to be a Black-Hand outrage occurred early yesterday at the home of James Keefover, a farmer of Dallasville, near Washington, Pa., when a nitroglycerine bomb exploded, partially wrecking the building and tearing a large hole in the ground. Nobody was injured.

Two miles east of Lumberton, N. C., Mrs. Francis Phillips, seventy years old, committed suicide yesterday by burning herself to death. During the last two weeks she had several times attempted to take her life—once by trying to drink concentrated lye, and again by throwing herself on a railroad track in front of a train.

The special train bearing the remains of the late Senator Morgan, who died in Washington Tuesday night, left that city at 11:15 o'clock last night bound for the Senator's former home in Selma, Ala. Accompanying the remains were his two daughters, Misses Mary and Cornelia Morgan; his secretary, James Oscar Jones; Barney Leighton, Assistant Sergeant-at-arms of the Senate, and the Senate House and committees.

Her baby's head completely severed from her body was the terrible sight witnessed yesterday on "Death avenue" by Mrs. Anna Hass, of Brooklyn. She had left her six-mouths-old daughter Lillian playing in her carriage on the sidewalk in front of her home, when a team of horses, frightened by a passing car, plunged into a heavy plate-glass window near the child. A big piece of the glass fell upon the little one, completely decapitating her just as the mother, alarmed by the flight of the horses, had started to shield her.

The longshoremen's strike, which had been in progress in New York for six weeks, was formally declared off last night at a meeting of representatives of the nineteen branches of the Longshoremen's Union Protective Society. About 12,000 strikers will apply for work today at the various trans-Atlantic piers. The strikers return to work at the wages they were receiving when they struck. The only concession is that there will be no discrimination in taking the old employes back, and that as many of them will be taken back as possible, but all new men who are competent will be retained.

As the result of a little horse play in the soapstone quarry at Alberene, Albemarle county, a hasty word, and a blow, Sidney R. Gianniny, jr., nineteen years old, a son of Sidney Gianniny, of Alberene, was mortally wounded Thursday afternoon by Martin Pleasants, aged nineteen years, of North Garden. He died five hours later. The trouble occurred in the quarry while the two youths were at work. Gianniny, according to Pleasants, rubbed a handful of dirt in his face and he returned the attention. In a moment they were at blows. Pleasants does not remember striking the blow which fractured his opponent's skull, but admits he had an iron gauge for measuring stone in his hand during the scuffle. It penetrated Gianniny's brain through the temple.

Armed men early today robbed the North Shore health resort, at Winetka, on Lake Michigan, a fashionable sanitarium, terrorizing 37 patients and leaving several in a critical and got $2,000 in money and jewels.

Howard in New York.

New York, June 14.—Declaribg that beautiful Florence Scheneck, whip for Alfred G. Vanderbilt in displaying his horses at the London horse show had been the cause of wrecking his romance with his recent bride, Rose Skinner, and of inducing his wife to leave him. Geo. F. Bronson Howard, the author, is back in New York. Just at present he is preparing for a meeting with his father-in-law, W. W. Skinner, of Norfolk, who he has been asked to come to New York.

Howard's romantic marriage caused a sensation. He is a member of most of the clubs of Baltimore i his home town, and widely known through his writings. He met Miss Skinner, one of the acknowledged beauties of the south, one night at the opera. The next day they were married and started immediately for Europe.

"We were happy," he declared today, "until the Vanderbilts came in March and brought with them Miss Florence Scheneck."

Miss Scheneck has herself figured largely in the newspapers late. She was disowned by her parents, Dr. and Mrs. Howhtan Scheneck, of Norfolk, when she ran away to become a professional whip for the Vanderbilts.

Mayor Schmitz Declared Guilty.

The jury in the case of Mayor Schmitz, of San Francisco, after being out two and a half hours, returned a verdict of guilty yesterday and were discharged.

Mayor Schmitz was charged with extortion in holding up French restaurant keepers. The case was given to the jury late yesterday afternoon, after an entire day of argument and the judge's charge.

The judge will probably give Schmitz the maximum sentence, which is five years in State prison. The moment Schmitz's appeal is denied by the Supreme Court he ceases to be mayor. The charter then provides that Chairman Gallagher, of the finance committee, becomes acting mayor. It then devolves on the supervisors to elect a mayor.

Canfield Settles.

New York, June 14.—By the payment, in New York, today, of $18,000 by Richard Canfield, "Prince of Gamblers," to E. L. Mooney, attorney for Lawyer John Delhanty, the suits of the attorney to collect $65,000 from Canfield for legal services were brought to a close.

Delhanty's services were rendered in collecting $130,000 on notes aggregeting $300,000 said to have been given by Reginald Vanderbilt for losses in Canfield's establishment, and in defending Canfield when his place was raided by Jerome.

Automobile Race.

Hohnburg, Germany, June 14.—The 500-kiltomtre automobile race for Kaiser Wilhelm's cup was won today by Folf censzarro in a Fiat car. Hautrest, a Belgian, was second.

Virginia News.

Mrs. Margaretta Hutton Bell, widow of John N. Bell, sr., died at her home in Winchester yesterday, aged seventy-six years.

The first lot of new potatoes raised in that section, and brought to the Fredericksburg market Thursday, came from a farm in Stafford.

R. C. L. Moncure, of Stafford, was renominated yesterday for the legislature for the counties of Stafford and King George by the democratic committee of each county. Mr. Moncure had no opposition.

The sinking fund commissioners of the State are to meet about July 1 and will take up the question of buying more State bonds, cancelling them and covering the interest into the sinking fund in order to retire more bonds as the fund may increase and justify the purchase. The belief is that the commissioners will advertise for at least $125,000 of bonds, the bids to be opened along toward the last of August, as was done last year, when some $140,000 worth were bought and cancelled. The State's finances are in excellent shape.

After the sale of the burned Princess Anne Hotel, at Virginia Beach, had been opened Wednesday night, Manager H. C. Mitchell started for Norfolk with the contents. Two hundred unpaid employes sought to mob him and he was pulled from a car. With the aid of officers he delivered the contents of the safe, only a few hundred dollars, at the bank of Princess Anne to await the settlement of the claims of the hotel employes. Some guests who had valuables and money in the safe have employed counsel. John Eaton, the steward, first reported lost in the fire, is declared to have left on Sunday night and escaped. The remains of the chambermaid, Emma Clark, were found yesterday.

COURT OF APPEALS.

Yesterday was opinion day in the Court of Appeals now in session in Wytheville. Among the most noted cases was that of Yoder against the Commonwealth. Yoder published a magazine in Lynchburg, and made caustic comments on the actions of Judge Frank P. Christian, of the corporation court, as well as against many of the officials of the city. He was summoned before Judge Christian and appeared without counsel, demanding a jury trial. This was refused, and Judge Christian proceeded to try the case and imposed a fine and a jail sentence. Yoder noted an appeal, employed Aubrey E. Strode, of Nelson, and Montague & Montague, of Richmond. The decision of the court is a clear victory for Yoder, the court reversing Judge Christian.

The courts reversed the Richmond city chancery court in the celebrated Wallen will case. James Wallen died leaving his estate to his wife, cutting off his children. They brought suit in the city chancery court, where a jury decided that the children were entitled to a portion of the estate. Counsel for Mrs. Wallen appealed the case, and the decision of the court today reverses the verdict of the jury, the result being that the widow is to hold the estate bequeathed to her by her husband's will.

The case of Wells vs. the Commonwealth was tried in Henrico Circuit Court, Judge Clopton sitting for Judge Scott. Wells was charged with violating the Sabbath in working his employes at the park. The men were arrested, taken before a magistrate and a fine of $2 imposed against each person found at work Counsel for Jake Wells appealed to the Circuit Court of Henrico, and Judge Clopton affirmed the decision of the magistrate, the case being taken up on appeal to the Court of Appeals, and yesterday that tribunal reversed the courts below.

Smith vs. Smith's executor, etc. From the Circuit Court of Culpeper county. Reversed.

Stevens vs. Duckett. From the Circuit Court of Fauquier county. Reversed.

Thirty decisions in all were rendered, but none of the others were from this section.

Morgan vs. Haley. Argued and submitted.

Clear Creek Water Company vs. Gladeville Improvement Company, submitted on briefs.

Clinchfield Coal Company vs. Powers, argued and submitted.

Davis, et als, vs. Owens, argued and submitted.

Virginia Pocahontas Coal Company vs. Lambert, argued and continued.

Next cases to be called: Albert vs. Tidewater Railway Company; Childress vs. Jordan, trustee; Tidewater Railway Company vs. Shartzer; Trout vs. Norfolk and Western Railway Company.

A writ of error and supersedeas was granted in the case of Woodson vs. Commonwealth, Woodson having been convicted in Buckingham county, of attempting criminal assault.

Orchard's Confession.

Orchard in his cross-examination at Boise City, Idaho, yesterday, among other things, said:

"I did not believe the grave ended it all, and I was afraid to die.

"I believed it was my duty to tell the truth. I felt I owed it to society; I owed it to God and to myself."

Orchard said that at first he intended to break the crystal of his watch, sever an artery, and bleed to death.

Orchard and Gov. Peabody, whom he tried to assassinate, talked together for fifteen minutes yesterday.

"I am ashamed to speak to you, governor; I am ashamed to look at you," said Orchard.

"Oh, that's all right," said Peabody, laughing. "You need not be ashamed to speak to me now."

Then the man of many murders shed tears.

Orchard told a remarkable story, to the effect that the famous Pinkerton detective, McParland, had used the Bible to convert Orchard to Christianity and then confess his crimes.

Another earthquake shock occurred at Kingston, Jamaica, yesterday. A shock also occurred at Volvivis, Chili, in which several buildings were destroyed and five persons killed.

Today's Telegraphic News.

The Hague Conference.

The Hague, June 14.—The first real business of the second Hague conference was transacted today when the delegates met and signed the protocol of the 1899 conference. It was only a brief preliminary meeting lasting barely a quarter of an hour, but it brought the representatives of forty-five governments together.

General Horace Porter signed the protocol for the United States. The chief importance of the meeting was that by affixing their signatures to the former protocol all the nations will enter the congress on an equal footing. After this ceremony an adjournment was taken until tomorrow afternoon.

It is estimated that the conference will cost the participating powers $800,000. The share of the United States will be about $25,000. Rooms alone for the American delegates are costing over $200 a day. This is exclusive of meals or other expenses.

Every hotel in the Hague and at Scheveninggen, the noted seaside resort nearby, is full. George B. Davis is at the Vieux Doelen Hotel, and Wm. Buchanan is stopping at the Palace Hotel at Scheveninggen.

At 3 o'clock tomorrow the first pleany session will be held. Address of welcome and the organization of the Congress will be the only business transacted.

Many social honors will be tendered the delegates. The Dutch government appropriated $40,000 for the purpose. A tour of Holland, various receptions and banquets and a garden party by the queen are some of the proposed festivities.

The Knights' Hall, where the sessions will be held, is a castle seven hundred years old. It is expected the Carnegie Peace Palace will be ready for the next congress. It is hoped that the last work of the congress will be to attend the ceremony of laying the corner stone of the peace palace.

Mayor Schmitz in Custody.

San Francisco, Cal., June 14.—Mayor Schmitz, found guilty of extortion last night, spent the night at his home in the custody of the deputies. He is now Mayor in name only, as by the law he cannot exercise the duties of office. He must remain in custody pending an appeal to the Supreme Court, which will be filed at once. His counsel will try to have him confined in the city prison instead of the county jail. The practical elimination of Schmitz from city affairs leaves the prosecution in complete control, as the supervisors, being at the mercy of the District Attorney's office will do the bidding of the attorneys. Should the Supreme Court affirm the jury's verdict, the supervisors will have to elect a new mayor. This will probably be ex-Mayor Pheland now in New York. His election would restore confidence.

Henri says steps will be taken immediately to remove Chief of Police Dinan, and bring about other reforms which were impossible while Schmitz was at large to block them. There are still pending against Schmitz indictments for extortion in connection with telephone, gas and street matters.

Schmitz's attorney appeared before Judge Dunne today and asked for the legal period of ten days of proceedings before sentence is pronounced.

Judge Dunne today refused to release Schmitz on bail and ordered him remanded to the custody of the Sheriff until tomorrow when Schmitz says he will how sufficient reasons why he should be released on bail.

The Chicago Teamsters.

Chicago, June 14.—Although three conferences between the packers and union teamsters' representatives are being held today, neither side believes that these meetings will result in anything further than a refusal of the employers to grant requests and the formal notification of the men that they will not work at present wages.

Today's conferences were between Business Agent Colden, of the stock yard teamsters, and agents of Armour & Co., Nelson Morris and Schwarzschild and Sulzberger, respectively. The teamsters have been further encouraged by announcement that the United Teamsters of America will do everything in its power to support the stock yards men.

A representative of one of the packers said the employers do not object to the amount of money involved in the demanded increase so much as they do to a general reorganization of the stock yards' union, which, they say, the teamsters contemplate. A special meeting of teamsters has been called for Saturday night to arrange for details of the contemplated strike.

Invitation to Elks.

Philadelphia, June 14.—The management of the White City, one of the popular summer parks of Philadelphia, has designated Wednesday, July 17, as Elks' Day, and and on that occasion all of the amusements in the park will be free to the visitors. This is only one of the many entertaining features which have been arranged for the Elks' convention and reunion, which will be held in this city during the week beginning July 15. The White City, formerly known as Chestnut Hill Park, is located in one of Philadelphia's pretty suburbs, and can be reached by trolley car for a five-cent fare. The attractions of the park are numerous, and many special features are being planned for the pleasure of the participants. The park is sufficiently large to hold 50,000 people, and arrangements are being made to entertain that number on Elks' Day. Visitors to the convention, who register at the official registration bureau, will be given tickets entitling them to free admission to all the amusement features.

Morgan Purchases Collection.

Paris, June 14.—J. Pierpont Morgan is reported on the best of authority to have purchased the collection of fifteenth century marbles and bronzes of the princely family of Strozzi of Florence. The collection is now housed in Plazzo Strozzi, but it will probably be shipped to New York in the near future. The price said to have been paid for the Strozzi collection is $200,000.

Coke consumers have awakened to the fact that the coke supply for 1908 is being bought up by the United States Steel Corporation.

Here's Good Advice.

O. S. Woolever, one of the best known merchants of Le Raysville, N. Y., says: "If you are ever troubled with piles, apply Bucklen's Arnica Salve. It cured me of them for good 20 years ago." Cures every sore, wound, burn or abrasion. 25c at E. S. Leadbeater & Son's drug store.

Douma to be Dissolved.

St. Petersburg, June 14.—The next few days will witness the dissolution of the Douma. Before another Parliament is summoned the electoral laws will be changed to base the franchise on high educational requirements and exclude the Jews, Poland and the Caucucus from Douma.

This is the postive declaration of the programme decided upon by the government as revealed to the Publishers' Press from a high governmental source. Fear that the Douma will reject the budget, owing to the dissentions which have arisen between the various parties, principally the Poles and cadets, is said to have caused this decision. The proposed change in the election laws was decided upon at a conference at Peterhoff. The qualifications will place the Parliament on a basis which the government believes gives it absolute control.

Large numbers of troops are already being gathered in St. Petersburg and the other large cities to preserve order when the announcement of the dissolution is made.

The assassination of Kollaroff was the topic of conversation among the members of parliament as they went to their halls for today's session. Premier Stolypin, his action believed to have been precipitated by the death of Kollaroff, appeared in the lower house, demanded the immediate arrest of 16 members, whom he accused of having conspired to remove the Czar, overthrow the government and set up a democratic republic. Among those sixteen leaders are Messrs. Presertlar, Alexanky, Dzpatridz and Ozel.

Stolypin then demanded that the lower house at once expel 16 members he named, all of them being of the extreme democratic element in the Douma. The premier permitted no alternative, and said that parliament would be at once dissolved unless the members complied with his orders.

The Haywood Trail.

Boise, Idaho, June 14.—Following yesterday's dramatic events incidental to Orchard's story of how his first confession was wormed from him by Detective McFarland's third degree tactics, today's events in the Haywood murder trial appeared tame.

The State today began its efforts to corroborate Orchard's story of his various crimes. Each separate case will be taken up by the State and efforts made to prove the truth of Orchard's statements in connection with the event. Little effort is being made by the defense to head off this testimony, the defense for the most part contenting itself with the filling of formal objections upon which an appeal for a new trial can be based later, in the event of a conviction.

Despite the wonderful nerve which he has shown during eight days on the stand, Orchard today betrayed evidences of the strain of yesterday, and when he appeared in court was noticeably pallid, although he appeared to have completely regained his composure and the control of his iron nerves.

Burned to Death.

Cincinnati, O., June 14.—A fire in the main building of the Shaker community at New Haven, Ohio, early today, caused the death of three members of the community, and the destruction of four buildings of the colony. All of the victims were infirm and could not escape from the flames. The fire also burned up the entire savings of the colony, a considerable sum of money. The twenty-five persons who were sleeping in the main building, with the exception of the three old women, escaped. There was no means of fighting the fire and it burned itself out.

Deputy Commissioner Assassinated.

St. Petersburg, June 14.—Plots to overthrow the government, assassinate the Czar and established a democratic republic were revealed this morning by Minister Stoleypin following the assassination of Col. Kolaroff, deputy commissioner of the Fort of St. Petersburg. Kolaroff was assassinated by a workman employed in the Admiralty as a result of a death sentence passed upon him by the revolutionists because he reduced the force of working men at the Admiralty. The assassin was captured, but a number of his accomplices escaped.

Charges Against "Round Table."

Berlin, June 14.—A great political scandal is expected to develop out of new charges made against the "round table" of which Prince Philip Zu Eulenberg, formerly the Kaiser's favorite, was the head. It is now stated that through this "round table" the French ambassador was able to furnish his government with information of vital importance during the day of the trouble between Germany and France over the Moroccan question.

Killed by a Train.

Albany, N. Y., June 14.—The dead bodies of men supposed to be E. A. Tighe, of Newark, N. J., and James Murtaugh were found lying alone side of a railroad track in the West Albany yards. It is supposed that they were crossing the yard and were struck by a passenger train.

To Meet in Richmond.

Minneapolis, June 14.—The committee on organization of the Associated Charities and convention today selected Richmond, Va., as the next meeting place and the time as the first part of May, 1908. Cleveland made a hard fight for the convention and nearly landed the prize.

An Old Man to Hang.

Albany, N. Y., June 14.—The Court of Appeals today affirmed the judgment of conviction and sentence to death passed against Charles Bonier for the murder of Franz Frehr and wife in Buffalo. Bonier is 70 years old. He was charged with slaying the old couple that he might realize on forged deeds of their homestead.

The New York Stock Market.

New York, June 14.—The stock market opened with general declines running from ⅛ to ½ per cent. in the majority of the list and extending to 1½ in Smelting, which opened down to 114 to and 114¾. Northern Pacific and Atchison were the only stocks which showed improvement. Atchison, however, lost ⅜ of its gains, leaving it ¾ above last night. The stock market ruled weak from the start and sustained declines ranging from 1 to 3 points during the first hour. The most important bear element in the situation is the absence of demand, leaving the market practically in control of the bear traders.

The President and the Editors.

Oyster Bay, N. Y., June 14.—President Roosevelt will not allow his vacation serenity to be disturbed by either the attack of Editor Noyes at Jamestown or the disgruntled Georgia orators.

At Jamestown Mr. Noyes, who is the editor of the Washington Star, took a number of falls out with the President mainly on account of his impetuousity and his failure to preach moderation and sanity in the same breath with his doctrine of the hurried, strenuous life.

From Atlanta came a story to the effect that Governor Terrell and o ber Georgia spellbinders, who went to the Jamestown Exposition last Monday to whoop up Georgia day, are very sore indeed because the President said: "cut it out" and "cut it short," when they got up to speak.

According to assistant Secretary Latta, who accompanied the President on the trip and who sat at his elbow throughout the exercises, this story is a heartless fabrication. The President not only made no such remarks, but Latta says he would have been very glad, indeed, had the Georgia speakers consumed more time with their addresses then they did.

"The programme was left entirely to the Georgia officials," said one of the President's authorized spokesmen, 'and if they did not talk as long as they wanted to they have no one but themselves to blame. The President was pretty well tired out when he reached the exposition grounds and would have welcomed a good excuse to cut his own speach down to allow other speakers more time."

The President's assistants showed amusement at Editor Noyes's attack. "It pleased the old gentleman," said one of them, "and dosen't hurt the President. So let him keep it up if he wants to do so."

Mr. Noyes and Mr. Roosevelt.

At the National Editorial Association meeting at the Jamestown Exposition, yesterday, one of the most notable papers read was that of Crosby S. Noyes, of Washington, whose subject was "Journalism Since Jamestown."

Mr. Noyes reviewed the history and struggles of Captain John Smith, recalling his remarkable services for the establishment and preservation of the Jamestown colony, "and the ingratitude with which these services were repaid by his follow-colonists." He deplored the fact that Captain Smith did not have an energic, independent press to back him up in his great work.

Mr. Noyes compared the achievements of Captain Smith in planting and sustaining the English colony with the deeds of President Roosevelt in this generation and declared that they "were as worthy of glorification, but lacked the aid of the newspaper press that has so greatly helped the latter in his upward career."

The newspapers, the speaker declared, have given Mr. Roosevelt their vigorous support in his reform policies; have exploited all his sayings and doings through the twenty-four hours of the day; glorified the man and his work and made his name a household word in every home in the land. "Mr. Roosevelt has seemed somewhat slow in acknowledging his indebtedness to the press," Mr. Noyes said, "but perhaps he will think of it some day when he is not too busy."

To Appoint New American Cardinal.

Rome, June 14.—From an authoritative source the Publishers Press was informed today of the answer Pope Pius gave to the offer said to have come recently to present $1,000,000 to the Vatican in Peter's pence on the condition of Archbishop Ireland's being made a cardinal.

The Pontiff's reply was: "I intend at first opportunity to appoint a new American Caridnal is the Papal custom to receive the illumination only by heavenly inspiration and never by the resplendence of gold."

From the same authority the statement comes that the $1,000,000 offer for a red hat for Ireland was made in the name of a number of prelates and did not come from laymen, as hitherto reported.

Attacked by a Mad Dog.

Fort Smith, Ark., June 14. With her face bitten and mutilated by a mad dog, Emma, the three-year-old daughter of J. P. Carnahan, a rich druggist of Fort Smith, accompanied by her parents and a physician, is today on a special train en route for New York where the child will be placed in the Pasteur Institute for treatment.

Running on a fast schedule, the special will arrive in St. Louis in time to transfer to a fast train for Chicago, where connections will be made with an 18-hour train for New York. The little girl was attacked by a large dog and her cheeks and lips were nearly chewed off. John A. Martin attempted to drive off the dog and was bitten in the arm.

Appleyard in Buffalo.

Buffalo, N. Y., June 14.—Arthur Appleyard, who lost heavily on the Philadelphia Exchange yesterday and who was reported to have disappeared from that city, is in Buffalo. Today was set for Appleyard to pay $40,000 to the creditors of the defunct German Bank. Appleyard told receiver Wheeler today that he was unable to pay owing to his losses. He said he would go to Boston tonight and ascertain if he could later make an offer of settlement. Appleyard is under indictment here on charge of grand larceny in connection with the failure of the German Bank. It is alleged he fraudulently secured loans from the bank.

Charged with Secluding Property.

New York, June 14.—The first step in a crusade instituted by the merchants in other cities who deal with firms in New York was taken today when Louis Neidell, who formerly kept a men's furnishing house on the Bowery, was arrested and lodged in the Tombs charged with secluding property in an attempt to defraud creditors. Neidell disappeared from his place of business on May 29, as alleged, after securing a stock of goods valued at $12,000 largely from out-of-town firms. Similar steps to protect out-of-town merchants will be taken, it is said, in every possible case.

Mr. Bryan's Strength.

Hartford, Conn., June 14.—Alexander Troup says that nothing but death or his absolute refusal can prevent Bryan from receiving the democratic nomination. He says he is nearly a million votes stronger than any other man in the democratic party.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

ORDERED OUT OF THE CITY.

Among the prisoners in the docket of the Police Court this morning was Timothy Madden, an individual well-known to the Alexandria police. Tim is a native of the Emerald Isle, and has banked for a long time on having been a Confederate soldier, horse jockey, &c. He has often in past years faced the bar in the Police Court, never on any serious charge, however, his chronic offense having been vagrancy. Officer Henderson picked him up again last night. When brought before Justice Caton this morning he was asked why he had reappeared in Alexandria. Madden said he came here for the purpose of paying a bill; that he had been a teetotaler some time, was an ex-Confederate soldier, &c. He was told to leave the city as quickly as possible. Madden, before he was arrested, accosted an ex-Confederate and solicited a favor. He repeated the old story that he had been a soldier in the Army of Northern Virginia, was incarcerated in a federal prison fourteen months, &c. When asked the number of his regiment, Madden said he was a member of the Seventy-second Virginia Infantry. The Alexandrian, who is posted in Confederate archives, told the itinerant that there was no such regiment in the service and that he was an impostor.

WRIT OF ERROR GRANTED.

The Court of Appeals has granted a writ of error and supersedeas in the case of Forbes and others vs. the State Council of Virginia, Junior Order United American Mechanics, which comes up on appeal from the Chancery Court of Richmond. The action of the Supreme Court means that it will look further into the matter.

The appellants in the higher court are the officers of the Junior Order United American Mechanics, and the appeal is another phase of the long-protracted litigation resulting from a split in the ranks of the "Juniors." In this litigation the "insurgents" have so far won every point and quite recently the officers of the original organization, now known as United Americans, were fined for violating the decree of the Chancery Court forbidding them to do business in this State.

ASSAULTS.

Joseph Cox and Hezekiah Gaffney, both colored, became involved in a difficulty while engaged in loading the steamer Mohawk with railway ties at the shipyard yesterday. Gaffney used a knife on Cox, seriously cutting him on the head and neck. Cox was taken to the Alexandria Hospital where he was attended by Dr. Moore. Lieutenant Smith later arrested Gaffney. Cox was unable to appear in the Police Court this morning, and the case was continued until tomorrow.

Joseph Early and John Henderson, both colored, partners in a plastering and whitewashing business, fell out yesterday, when Early assaulted Henderson. The former was arrested by Officers Roberts and arraigned in the Police Court this morning and fined $5.

AFTER DISORDERLY BOYS.

Officer Jones yesterday arrested a number of boys who have been trespassing upon Mr. DeW. Aitcheson's wharf near the foot of Prince street. They were subsequently released with the warning that should they reappear on the wharf they will be fined and locked up.

Complaint is again made by residents of the neighborhood of the nightly gathering at Wilkes and Fairfax streets. Officer Henderson visited the locality three times last night, for the purpose of obtaining the names of such persons as may be gulity of disorderly conduct in that locality.

CADETS WIN HONOR.

Three Alexandria students at the Virginia Polytechnic Institute, at Blacksburg, will be cadet captains next session. The captains will be Raymond Hofman, Company A; Ralph McBurney, Company C, and R. R. A. Johnson, Company E. Two other Alexandrians—A. Harris, of Company B, and C. L. Watkins, of Company C—will be first sergeants. These, in addition to Charles M. Smith, who was first lieutenant of Company A during the past session, returned to Alexandria yesterday evening. The corps of cadets is now in camp at Jamestown.

MASSANETTA SPRINGS.

Elsewhere will be found an advertisement of Massanetta Springs, situated near Harrisonburg, and which this summer will be under the management of Mr. W. T. Hinton. Massanetta is a favorite resort of Alexandrians and its healing waters have proven very beneficial in numerous cases from this city.

TROUBLE WITH UNION.

The Washington, Alexandria and Mount Vernon Railway Company are having friction with some of their employes and others who were formerly in the service of the company. During the past month a majority of the men employed in various capacities by the company formed a union, which the company refused to recognize, when an appeal was made by the men to the Trades Council of this city as well as to labor organizations of Washington. Several meetings have been held in this city, but, so far as can be learned, the relations between the company, the union and sympathetic organizations have not improved. In the meantime over twenty of the former employes of the road have been discharged. The men who have lost their positions claim that they were discharged for no other reason than the fact that they belonged to the union. The officials of the company, on the other hand, say it is their privilege to select such men as they desire for the company's service.

The discharges have caused some bitterness among the former employees and the members of labor organizations of this city and Washington, and the trouble is said to have reached an acute stage.

It is said that Superintendent Colvin has agreed to meet a delegation representing the trades councils of Alexandria and Washington at noon next Sunday to discuss present conditions, but with the understanding that two men be dropped from the list of delegates before he will agree to a conference.

In the meantime some of the men who have been discharged say that it is the intention of the various labor unions in this city and Washington (said to number about 24,000) to boycott the electric railway and, incidentally, Luna Park, should the company refuse to recognize the union and reinstate the men who have been discharged.

The railroad officials are guarded in their talk, and the outcome of the trouble is difficult to forcast.

It is reported that the real reason for the discharges was the circulation of rumors to the effect that damage to the company's property was contemplated.

Major W. S. Greene, of Columbus, Ga., is spending a few days with his family in this city.

A PREDICTION.

An old employe of the Southern Railway, who has worked with it ever since it was the Orange and Alexandria Railway, was telling this morning of a friend of his, who has also served the company for a along time, of finding in the general repair shop, under the seat of a worn out caboose (which was used many years ago for the sleeping place of track hands and the supervisor of construction) an old almanac dated 1857 and on one of the fly leaves was written as a prediction that the year of 1907, or 50 years hence, would be a year of no summer or winter and that God would call his people home on January 2, 1908.

POLICE COURT.

[Justice H. B. Caton presiding.]

The following cases were before the court this morning:

James Early, colored, charged with assaulting John Henderson, also colored, was fined $5.

Hezekiah Gaffney, colored, charged with assaulting Joseph Cox, also colored, had his case continued.

Timothy Madden, charged with vagrancy, was dismissed upon promising to leave the city.

Alice Gallahan, charged with disorderly conduct, was dismissed.

Kidnap Bridal Pair.

New Brunswick, N. J., June 14.—Kidnapped on their wedding night was the experience of Mrs. Nellie White and Henry Ryno, who were married at the rectory of St. Peter's Church at 8 o'clock Wednesday night by Mgr. O'Grady. Just before the ceremony an ice wagon, with a crowd of men, stopped in front of the door. The bride and bridegroom hastened out the back way soon afterward. The bride, gathering up her white bridal dress, ran, her husband following. They were caught half a mile away. They were surrounded by friends to prevent escape until the ice wagon arrived, when kind hands lifted them into the dirty vehicle. They were taken in it to a hotel in Highland Park, where there was a big reception by the employes of the ice firm of which the bridegroom is a member.

Badly Mixed Up.

Abraham Brown, of Winterton, N. Y., had a very remarkable experience; He says: 'Doctors got badly mixed up over me; one said heart disease; two said it was kidney; the fourth, blood poison, and the fifth stomach and liver trouble; but none of them helped me; so my wife advised trying Electric Bitters, which are restoring me to perfect health. One bottle did me more good than all the five doctors prescribed." Guaranted to cure blood poison, weakness and all stomach, liver and an, weakness and all stomach, liver and kidney complaints, by E. Charges Against a Woman.

Philadelphia, Pa., June 14.—Miss Alvina Tops, a well-known society woman of Germantown, was arrested by Deputy Marshal Helms today charged with having sent scores of scurillous letters to many members of the congregation of St. Stephen's Church. The woman was later arraigned for a hearing before Commissioner Craig and held in $3,000 bail for court. Six weeks ago Rev. C. W. Habcock, pastor of St. Stephen's Church, complained that women members of his congregation were being scandalized by some person who said he was sending letters containing unprintable vilification. Postal inspector O'Brien was detailed on the case and after securing a business letter signed by Mrs. Tops confronted her with the simularity of handwriting and she confessed.

Self Made Men.

Several communications appearing in the Gazette recently in which the expression "Self-made Man" was used have reminded me of an ancedote which I read sometime ago.

Two candidates were running for a certain elective position, and one who was known as what is called a "self made man," conducted his own canvass. The other was represented by a friend.

At a joint discussion one day the candidate spoke first. His speech consisted principally of the fact that they all knew him; that he was a "self made man." When the turn of the man representing the other candidate came he said: "Mr.——— has said that he is a 'self-made man.' I believe that, but, my friends, the man I am representing God made him, and there is as much difference in the men as in the makers."

Judge Nicol has given up all ambition that would have benefitted him personally that he might serve his people in Congress. He has shown himself the true metal. Let us show our appreciation of the sacrifice. Let us remember that "God made him." A word to the wise is sufficient. (adv.)

When Prescriptions are Wanted

Dienelt's Pharmacy enjoys the favor of all intelligent people. The reason is not hard to understand. Reliability describes it exactly. Physicians have made it perfectly understood that their prescriptions must be filled exactly as written and under no circumstances can substitutes be tolerated, therefore the bulk of prescriptions come to us because we and our drugs and medicines are known to be absolutely reliable.

FRIDAY EVENING, JUNE 14, 1907.

Husband's Terrible Deed.

A dispatch from Huntington, W. Va., says that Charles Shafer, a well-to-do farmer, yesterday afternoon, at Rockwood, Ohio, just across the river, shot and killed his wife, Carrie Shafer; his little six-year-old son, Hershell Shafer, and then shot and mortally wounded his mother-in-law, Mrs. George Thacker. The tragedy occurred on a public highway, just back of the village, and a large posse from Huntington and the surrounding country is in pursuit of the murderer. If captured probably he will be lynched, and public feeling is so aroused that burning at the stake is openly advocated. Shafer for several weeks has been quarreling with his wife, and on Wednesday, it is alleged, he struck her a blow with his fist. Mrs. Thacker, mother of Mrs. Shafer, on hearing of this, went before a magistrate in Rockwood and swore out a warrant for Shafer's arrest. The trial was to have occurred yesterday afternoon in the little village.

Every Man His Own Doctor.

The average man cannot afford to employ a physician for every slight ailment or injury that may occur in his family, nor can he afford to neglect them, as so slight an injury as the scratch of a pin has been known to cause the loss of a limb. Hence every man must from necessity be his own doctor for this class of ailments. Success often depends upon prompt treatment, which can only be had when suitable medicines are kept at hand. Chamberlain's Remedies have been in the market for many years and enjoy a good reputation.

Chamberlain's Colic, Cholera and Diarrhoea Remedy for bowel complaints.

Chamberlain's Cough Remedy for coughs, cold, croup and whooping cough.

Chamberlain's Pain Balm (an antiseptic liniment) for cuts, bruises, burns, sprains, swellings, lame back and rheumatic pains.

Chamberlain's Stomach and Liver Tablets for constipation, biliousness and stomach troubles.

Chamberlain's Salve for diseases of the skin.

One bottle of each of these five preparations costs but $1.25. For sale by W. F. Creighton & Co. and Gibson & Timberman.

Killed Cat to Warn Wife.

As a demonstration of what he would do to his wife, Howard Fountain, of Wilmington, Del., on Monday night caught a cat by the back of the neck, and with a carving knife severed the animal's head from its body. He compelled his wife to witness the act. The woman, fearing for her life, picked up her infant child and left the house. She would not return until she found an officer and had her husband placed under arrest. Fountain was discharged by the police court with a warning.

Piles get quick and certain relief from Dr. Shoop's Magic Ointment. Please note it is made alone for Piles, and its action is positive and certain. Itching, painful, protruding or blind piles disappear like magic by its use. Large nickel-capped glass jars 50 cents. Sold by E. S. Leadbeater & Sons.

FOR OVER SIXTY YEARS.

AN OLD AND WELL-TRIED REMEDY.—Mrs. Winslow's Soothing Syrup has been used for over sixty years by millions of mothers for their children while teething with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic and is the best remedy for Diarrhœa. Is pleasant to the taste. Sold by druggists in every part of the world. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup and take no other kind.

Guaranteed under the food and drugs act June 30th, 1906. Serial number 1098.

A Dangerous Deadlock.

that sometimes terminates fatally, is the stoppage of liver and bowel functions. To quickly end this condition without disagreeable sensations, Dr. King's New Life Pills should always be your remedy.
